human resource departments have been a crucial part of business practices for decades and particularly in modern times as professionals deal with

multigenerational workers diversity initiatives and global health and economic crises there is a necessity for human resource departments to change as well to adapt to new societal perspectives technology and business practices it is important for human resource managers to keep up to date with all emerging human resource practices in order to support successful and productive organizations the research anthology on human resource practices for the modern workforce presents a dynamic and diverse collection of global practices for human resource departments this anthology discusses the emerging practices as well as modern technologies and initiatives that affect the way human resources must be conducted covering topics such as machine learning organizational culture and social entrepreneurship this book is an excellent resource for human resource employees managers ceos employees business students and professors researchers and academicians

a pioneer in the theory of pluralistic casuistry the idea that there are almost as many facets to moral choices as there are cases that call for choices baruch brody takes issue with conventional bioethical wisdom and challenges the rigid principlism of contemporary bioethics his views have been seen as controversial but they are firmly held and convincingly argued all of which have led him to be one of the most widely discussed and highly admired bioethicists of our time he argues for the fundamental distinction between active and passive euthanasia for a need to reconceptualize approaches to brain death and for the right of providers to unilaterally discontinue life support he shows support for the waiving of the requirement of informed consent for some research for the widespread use of animals in research and for the use of placebos in many international clinical trials when it comes to morality as it is practiced in medicine brody makes clear that the ethical issues are never as simple as black and white that there are myriad factors and fine nuances that can and should challenge decision making as it is commonly practiced in difficult medical cases in this collection delving thoughtfully and systematically into methodology research ethics clinical ethics and jewish medical ethics he tackles thorny life and death questions head on and fearlessly he casts a light into all the corners of end of life decisions a field in which he has exemplary credentials while illuminating a new understanding of morality and ethics the introduction outlines brody s approach defines the terminology used and contrasts his ethical positions with much of the competing literature taking issue will be invaluable to students and scholars in medical ethics bioethics and philosophy of medicine

provides a comprehensive insight into the way social scientists contemplate environmental problems both in terms of perceived causes and solutions

this volume provides a comprehensive introduction to postcolonial medieval studies and examines the historical connections between postcolonial studies and medieval studies lisa lampert weissig provides new readings of medieval

texts including wolfram von eschenbach s parzival mandeville s travels and guillaume de palerne a romance about werewolves set in norman sicily in addition she examines walter scott s ivanhoe from the perspective of postcolonial medieval studies as well contemporary novels by salman rushdie tariq ali juan goytisolo and amitav ghosh

drawing upon a variety of important philosophical traditions this book develops an original perspective on the relations between ethical economic and aesthetic values in a tourism context it considers the ethical political issues arising in many areas of tourism development including the profound cultural and environmental impacts on tourist destinations the reciprocity or lack of in host guest relations the un fair distribution of benefits and revenues the moral implications of issues such as sex tourism staged authenticity and travel to oppressive regimes the book concludes with a detailed investigation of the potential and pitfalls of ecotourism sustainable tourism and community based tourism as examples of what is sometimes termed ethical tourism until now the ethical issues that surround tourism development have received little academic attention explaining philosophical arguments without the use of excessive jargon this fascinating book interweaves theory and practice aided by the use of text boxes to explain key terms in ethics politics and tourism development and drawing on contemporary case studies from south africa mexico zambia honduras ethiopia and madagascar

this edition of this handbook updates and expands its review of the research theory issues and methodology that constitute the field of educational communications and technology organized into seven sectors it profiles and integrates the following elements of this rapidly changing field

labored the state ment and future of work in composition edited by randall mcclure dayna v goldstein and michael pemberton offers both a retrospective and a prospective look at the 1989 statement of principles and standards for the postsecondary teaching of writing and its relation to the changing nature of work in composition stemming from an investigative project to strengthen the statement with data culled from national reports on labor conditions this collection draws on the expertise of scholars whose research agendas and lived experiences afford fresh insights and critical analyses on labor issues in composition and writing program administration
